Tahaffuz

Protect your loved ones
with quality Health Insurance

Allianz EFU Health Insurance Limited
Pakistan's First Specialized Health Insurance Company

Tahaffuz

Why Health Insurance?

If the unexpected happens, it's good to be prepared.

Health care costs are rising everyday. If you or one of your family member falls sick it will not only lead to mental distress for the whole family but could also adversely affect your finances for a long time to come. The implications become even more severe if the illness results in prolonged hospitalization.

The average costs of some of the common treatment are:

Heart By Pass	Up to 500,000
Angioplasty	Up to 450,000
Cancer	Up to 300,000

Studies have shown that every 2nd male and every 3rd female is at risk of developing cancer during his/ her lifetime.

Seasonal and epidemic illnesses (Dengue, Viral Hemorrhagic Fever etc.) are also on the rise.

1 out of every 9 adults could develop Chronic Renal Failure.

How can I provide financial protection?

Allianz EFU's **Tahaffuz** provides access to quality healthcare to you and your family and that too on cashless basis.

Tahaffuz is a simple, valuable and affordable health insurance plan. It provides financial protection, up to the selected benefit limit, in case an unfortunate illness or accident leads to hospitalization.

What does **Tahaffuz** offer?

Tahaffuz is designed to provide you access to a large network of carefully selected hospitals across the country for quality healthcare, **on Credit Basis**, in case of hospitalization.

Some of the salient benefits of the Plan include:

Room Entitlement & Annual Limits

You have the choice to select between General, Semi Private or Private Rooms, along with corresponding Annual Limits of PKR 100,000, PKR 200,000, PKR 350,000 and PKR 500,000 respectively.

In-patient Hospitalization

The Policy pays for in-patient hospitalization expenses such as:

- Room as per Entitlement
- General Nursing services, etc.

- ICU/CCU charges
- Physician/Specialist/Surgeon Fee
- Operation /Anesthetist Charges
- Medicines and Lab Tests
- Oxygen & Blood Supplies

Day Care Treatment

Besides in-patient hospitalization, the Plan also covers certain Day Care procedures.

Day Care Treatments are medical or surgical procedures for which the person is admitted to a hospital bed but does not require an overnight stay, such as Angiography, Endoscopies etc.

Emergency Accidental Out-Patient treatment

Out-Patient treatment due to accidental emergency is covered within 48 hours of an accident up to the sub limits defined under each plan.

Specialized Investigations

The Policy also pays for Three (03) important and expensive out-patient tests even if no hospitalization follows. These tests are MRI, CT scan and Thallium scan.

Pre-Hospitalization Benefit

Out-patient expenses (Medicine, Consultation & Diagnostic Tests) are also covered if they lead to a covered in-patient hospitalization within 30 days.

Post-Hospitalization Benefit

Out-patient expense (Medicine, Consultation & Diagnostic Tests) are also covered for up to 30 days following a covered in-patient hospitalization.

Miscellaneous Expenses

Besides the above, some of the other benefits of the Plan include:

- Local Ambulance Cover
- Emergency Evacuation Cover
- Emergency Dental Treatment (for Pain Relief)
- Emergency International Coverage

How do I Enroll?

If you are a healthy adult Pakistani of up to 60 years of age all you have to do is just fill in a simple application form and deposit the appropriate premium. No medical examination is required.

Can I cover my family members?

You can include your spouse, children (above 90 days old) & parents (upto age 60 years), in your policy. Each family member is entitled to an independent coverage at the same benefit level as the Main Applicant. You will also be entitled to the family discount in this case.

Once enrolled, the coverage can be continued up to age of 65 years.

Are there any discounts on multiple enrollments?

Yes! In case three or more family members are enrolled under the same policy, **Tahaffuz** offers a 10% discount in premium for 3rd and subsequent members. The two eldest members will however, be required to pay the full premium.

Do I pay for treatment cost

No! **Tahaffuz** provides you **Credit Facility** at over 150 approved Hospitals in Pakistan. You do not have to pay for hospitalization as Allianz EFU will settle your bills directly to its Network Partners.

Network Hospitals

Allianz EFU has developed a network of over 150 carefully selected hospitals spread across the country.

Some of these include: Agha Khan University Hospital, Karachi, Orthopaedic & Medical Institute (OMI), Karachi, Shifa International, Islamabad, Liaquat National, Dr. Ziauddin Hospital in Karachi, Ittefaq Trust, Fatima Memorial, Shaukat Khanum in Lahore, Bilal Hospital in Islamabad and many more in these and other major cities/towns like Hyderabad, Sukkur, Quetta, Peshawar, Faisalabad & Multan.

You can get a complete list of Network Hospitals from our representative or download it at the website www.allianzefu.com.

What are the advantages of a Network Hospital?

In case you need to be hospitalized, you can select any of the Network Hospitals to obtain quality medical care without having to pay out of pocket.

You can avail the credit facility arranged by Allianz EFU through a simple Pre-authorization procedure and Allianz EFU will settle your bills directly to the hospital, as per your entitlement. This relieves you from possible financial strain and you can concentrate on the recovery process.

Can I be treated at Non-Network Hospital?

Yes! But, the treatment expenses will have to be initially borne by you. Allianz EFU will reimburse these expenses on submission of the bills, subject to the reasonable & customary charges that would have been incurred at a comparable Network Hospital for similar treatment. For this reason and also because Network Hospitals have been vetted for the delivery of quality care, we strongly recommend the use of a Network Hospital.

Are Pre-existing Conditions Covered?

Pre-existing Medical Conditions mean any sickness, disease or bodily injury or any symptom linked to such sickness, disease or bodily injury for which medical advice or treatment has been sought in the past. This includes such conditions which you or your dependant(s) know about even if no medical advice or treatment or diagnosis was sought or made before the Effective Date of this insurance.

Usually, Pre-existing conditions are not covered under these types of insurance Plan. However, **Tahaffuz** will provide coverage for treatment related to Pre-existing Medical Conditions after four (04) policy years.

Are there any exclusions ?

Expenses arising from or related to Pre-existing Conditions (during the first 4 years), Pregnancy and Childbirth, Outpatient treatment, Congenital Birth Defects, War, Invasion, Civil unrest, Infertility, Cosmetic treatment, Routine Medical Checkup etc are not covered.

Other Benefits

24-Hours Medical Hotline:

You have round the clock 24 hours access to our staff doctors for help during medical emergencies.

Customer Service

In case you need any clarification or facilitation regarding your policy, our dedicated customer relations staff will be pleased to assist you.

Integrated HealthCare

Allianz EFU offers you more than just financial protection. In the unfortunate event of hospitalization, our Integrated HealthCare concept ensures that you get the most appropriate treatment from the right doctor according to International Medical Guidelines.

Health Card

You will receive a Health Card with your policy that will contain important information about your policy. The Health Card will identify you as an Allianz EFU insured at our Network Hospitals and entitles you to the Credit Facility.

Emergency International Coverage

Subject to the availability of the Basic Annual Limit, the Policy also pays for expenses incurred on Emergency Treatment outside Pakistan, subject to certain terms and conditions.

No Claim Bonus

In case there is NO Claim on any of the family members insured under the Policy for a period of two consecutive Policy Years, the Basic Annual Limit will be enhanced by 10% with effect from the following Policy Year, free of charge. This increase in cover of your family's health protection will help to keep pace with medical inflation.

Benefit Limits

The following chart gives you the Benefit Limits:

Description of Benefits	Bronze	Silver	Gold	Platinum
